

Crown Point Ecology Center

Organic Farmer Apprentice

This position is for 20 weeks from April through September. Dates are negotiable.

Responsibilities:

- Assisting the farm staff with planting, maintenance, and harvesting for the Foodbank Farm, CSA and Farmer's Market
- Assist with packing, shipping, and preparation of harvested crops for distribution
- Help coordinate the efforts of volunteers, work groups, and CSA members who are working on the farm
- Help interpret the farm programs to visitors, guests and volunteers
- Assist with other tasks as needed

Qualifications:

- Knowledge of and experience with organic vegetable growing techniques
- Ability to perform outdoor physical labor
- Skills and desire to relate with volunteers, children, and other staff in a team situation
- Openness to work in an environment which connects spirituality and ecological responsibility

Benefits:

- Competitive weekly stipend
- Housing may be available
- Free produce from the farm
- Free or at cost attendance at Crown Point programs and events
- Access to the resource library at Crown Point
